

UCSD Global Environmental Leadership & Sustainability
Hawai'i GRADING RUBRIC

NAME:

| | Minimal (1-2) | Developing (3) | Accomplished (4) | Exemplary (5) | Score |
|--|---|---|--|---|--------------|
| Commitment to Citizenship | Has difficulty deciding how to bring components of the trip back home | Has ideas for continuing leadership but not clear on how to develop them once home again | Has a plan that is do-able | Has developed a plan that shows insight and passion and how to get started. | |
| Individual leadership | Little self-reflection | Needs some guidance on being honest with him/herself and the group | Honest most of the time with self and with the group | Honest, sincere, genuine in everyday actions throughout the program | |
| Group leadership | Disengaged from the group, doing his/her own thing. | A working group member but needs encouragement to stay connected with all the members. | Active member, contributing to group work and dynamics. Helps others on occasion. | Taking a leadership role when in a group to help all achieve their common purpose. | |
| Engagement and Responsibility | Prefers to work alone and/or not meeting responsibilities | Does what is asked. Involved and meets requirements but not very connected. | Enthusiastic about the week's events and activities. Engaged and committed. | Excited and enthusiastic- asking questions, engaged, and motivated to learn and contribute. | |
| Application and understanding | Struggles with answering questions and understanding concepts. | Has some difficulty with understanding but gets it with some guidance and encouragement. | Understands and gets many of the details covered throughout the program- both science and culture. | Fully understands and connects topics. Demonstrates insight. High quality of research. | |
| Completion of journal entries worksheets/ BLOG | Blog and/or nightly reflections not recorded. | Writing shows little thought and reflection- just trying to get it done. | Writing with some thought and reflection; is beginning to see the big picture | Writing is comprehensive with thought and reflection and incorporates varying trip components. | |
| Group work | Difficult to work with and contributed little to the group's success. | Work with the group was limited to what was asked. | Had to be reminded to contribute, and/or help the group prepare presentation. | Worked well with others and worked to ensure the success of the group on a daily basis. | |
| Presentation skills (science and personal) | Showed little effort and disorganization. Met the minimal requirements. | Showed some effort to incorporate skills presented throughout the program. | Presentations skills covered during the program were beginning to be internalized. | Great presentations! Showed improvement throughout the program and sincere effort to improve. | |
| Individual Social Change Presentation | Not understanding the Social Change Model. | Understands the concept of the Social Change Model but not incorporating the 7 C's on a personal level. | Incorporated the 7 C's into a plan of action but still needs work to develop. | Reflection demonstrates the 7 C's being incorporated into their life and plan of action. Excited to begin change. | |

Grading scale: A+ all 5's

B+ more 4's than 5's

C+ all 3's
